				<p>Hello Mr. Singley,</p> <p>We received your comment about our magazine subscriptions. I'm sorry that some of your favored titles are no longer available.</p> <p>Unfortunately, since 2019, our materials budget has decreased by more than half which has led to cuts in all areas of the collection. We do have two electronic services for magazines: PressReader and Overdrive. Overdrive took over our previous service, RBDigital Magazines. We are not able to subscribe to specific titles through these services, as all available titles are bundled so many of the titles you specifically mentioned are not available. However, we do have a variety of science and nature titles to choose from including <i>Astronomy</i>, <i>Archaeology</i>, <i>Air & Space</i> and many more. We have access to thousands of local and international publications between those two resources.</p> <p>You can find the links to both of these resources on our website: https://www.scottsdalelibrary.org/magazines.</p> <p>Please contact the library if you have any problems accessing those resources.</p> <p>Regards,</p> <p>Rebekka Jones Collection Management Coordinator Scottsdale Public Library (480) 312-7801 rejonges@scottsdaleaz.gov</p>

		We keep losing our high tech magazines. In the past, I was unhappy to lose: Aviation Week or Space Technology and Science magazines.		
		Now I see we are also losing...		
		Scientific American Archeology Sky & Telescope

		Hello. I'm interested in purchasing the Kiplinger magazines once they become outdated. Opposed to disposing of them, if possible, I would like to buy them as they become available. If there is a way whereas I can buy them as soon as they are available that would be awesome.		
11/2/2021 16:10	Mustang	Thanks.		<p>Emailed this request to Erin Riley and Brandon Chapman. Erin approved the request and had Brandon reach out to the patron to arrange pick up details</p>
				<p>Hello and thank you for your note.</p> <p>Our sincere apologies for the inconvenience in not being able to offer the Morningstar newsletter, print or online. Current constraints mean the higher vendor costs for libraries puts this outside our current budget. It is something we review periodically and if possible we use patron comments like yours to prioritize our considerations.</p> <p>Your feedback is valuable for the library in making future decisions and is appreciated. Please don't hesitate to reach out with the contact information below and again, our apologies for the inconvenience.</p>
11/2/2021 16:06	Mustang	Would like to see the library bring back Morningstar newsletters online or in print. You guys had them available prior to COVID. Thx.	Ronnberg, Bethany	Sincerely, Bethany
